Dear Ms Kline,

That's great, and I'm happy to help you improve this year's fair experience and I'm looking forward to participate in it!

I think we should use our school's library for the event because it has better equipment and a more comfortable environment than the gymnasium.

We definitely should have some interactive chemical or physical experiments - ~~it's~~^{it's} always a lot more fun to do something yourself than to just watch someone else to do it. But ~~some~~ I would still suggest putting lectures in the fair's program - they are a classic ~~and won't go wrong~~.

I think that ~~money would be a good prize. Everyone likes some cash so nobody would be disappointed. Another~~ great option would be to have multiple different prizes like microscopes, telescopes, etc. and to let the winners choose their prize by themselves.

Best wishes,

Sergej

Subject: Science Fair Venue and Activities

Dear Ms. Kline,

Email: msk@science.com

1. Thank you for the exciting news about the upcoming annual Science Fair! I believe that choosing the right venue is crucial for a successful event. Considering the options, I recommend using the gymnasium. It provides ample space for displays, experiments, and interactive exhibits. Plus, the gymnasium's central location ensures easy access for all ~~para~~ participants.

2. Here are some suggestions: ~~about prizes~~ about activities.

1) Interactive Demonstrations

2) Science Talks

3) Hands-On Workshops

4) Poster Presentations

3. Regarding prizes, how about:

• Certificates of Excellence

• Science Kits

• Book Vouchers

Looking forward to a fantastic Science Fair!

Best regards, Matvey Science Student

Dear Ms Kline,

I am very glad that this event has come. I will do everything to make the fair the most fun and interesting this year!

I think the best venue for the fair will be the gym, as it has more space.

It seems to me that it is worth organizing an exhibition of scientific technologies created by students. This will interest and inspire many students.

The best prize, in my opinion, will be a monetary reward, then there will be much more willing to participate! You can also make two more prizes with consolation prizes.

I hope I helped you.

Sincerely, Diana Koritskaya

Hello Ms Kline! I glad to join to you, another Science fair is coming! I'm ready to improve my skills, my works and other.

I think the school library is better for Science fair than gymnasium. Because the library is storage of knowledges that is the main factor of my choice.

I think we can imagine ~~many~~ a lot of variants of activities, as example, science exhibitions by students. They can introduce their works in competition.

Winners can get different prizes in different nominations, the best science work, the best introducing, the most original idea.

That's very nice! I'm going to participate in it and help to make this fair best ever.

I would prefer the gymnasium because it has a lot of space in it and it would be much easier to organise.

I think that science fair requires exhibition of different plants and projects, made by fair participants. There should be ~~some~~ chemistry competition of best and mindblowing reactions!

There should be a few awards for best project and chemical reaction, such as trophies and money.

Dear Ms. Uline,

I'm so happy to hear this. I ~~had~~ thought about this Science Fair all of this year.

Of course, both of these places are good for this activity. But, I think that school library will be better, because library, first of all, is a science place with a lot of books with some information that can help to our guests in this Science Fair. If there is no space for this fair, we can just replace or remove some bookshelves.

~~I think that we should have a project~~ every member of this fair will make a project science project.

In my opinion, winners of competitions must have a trophy and diploma for participation.

Waiting for your message!

Have you ever been in a small coastal town called Tuapse? If not, I highly recommend to visit it!

Tuapse is the best decision for two types of people. First of all, the town is located near the sea, so this stimulates the lovers of swimming, heat and sun bathing.

On the other hand, you can not only spend time resting on a beach, but also go camping or conquer small mountains.

Tourists can walk through gorgeous parks, old streets that have gone in history. The smell of clean air will support them if they decide to get around by foot. Many

person prefer taking some sea tours or taking drives to the nearest towns as well.

I should predict you that it isn't a big city with many sights of culture, but you'll enjoy the vibe of a calm trip anyway.

Have you ever visited Russia? There are lots of places of entertainment in Russia, the most popular are museums, squares and streets of Moscow and Saint-Petersburg. But I think my favourite is Sochi-Park

Sochi-Park is located in city Sochi on the south of Russia. The city is very popular because it is near the Black Sea and many tourists go there to have summer vacation. In Sochi-Park you can try many different attractions. It's a family free place so there is a part dedicated for kids and a part for adults. Then you should take a ride on rollercoasters, eat ice-cream or other fast-food and just rest and enjoy the atmosphere.

Besides the Park, there are many sights a tourist should visit. The Black Sea itself, museums of city's history, cafés and restaurants with a big variety of cuisine.

At the end, I'd say that it is a great place to visit along or with your family, so don't miss the chance to have a great wonderful holiday in Russia!

Have you ever been in the cultural capital of Russia, Saint Petersburg? In this article I would like to tell more detailed information about this city.

Russia is a huge country and there are a lot of fascinating places. Saint Petersburg is placed on the west, so climate is not that harsh.

This gorgeous city was built for the Peter the Great and has been a capital for a long years. Nowadays we are hard working on saving our history. You can visit magnificent castles and mansions, which were homes for famous people. There are a lot of museums, art galleries where you can see exhibitions of great artists from the whole world. If you are a fan of more active holidays, you can walk by the river Neva, visit parks and greenhouses. Also, you may be interested in going to aesthetic cafes or jazz bar; meet amazing people and become a part of Saint Petersburg's culture.

I hope this article has inspired you to visit such a wonderful city.

Have you ever been to Novosibirsk? This is the best place to holiday on my own experience.

Gr PL

Novosibirsk, located in Russia, ^{moreover} this is the capital of Siberia.

There are many things people can do in this city. You can go shopping in different shopping centres malls, walk ^{along} the main streets, there are also many different places ~~and~~ that you can visit.

PL

In my opinion, the best places to visit are the ^{most} famous Novosibirsk zoo, that is the largest in our country, where you can see more than seven hundred species of animals, the Alexander Nevsky Cathedral with ~~gorgeous~~ beautiful architecture, ~~and~~ ^{go} through the central park, where you can walk along the long seafront and enjoy the views. You can also visit the Kerich museum, which has a lot of interesting exhibits. Talking about my preference, I really enjoyed swimming in the biggest aquapark in this city. It has a lot of different ways to entertain yourself, so ~~if~~ you should definitely go there.

PL

This was my personal opinion about ~~my~~ my ~~place~~ favourite place to holiday in my country. I hope it was helpful for all readers.
